Docket No. 98N-1265  
Food and Drug Administration  
5600 Fishers Lane  
Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I am finally glad to have alternatives for treatment  
of women's hormonal problems. As a single working mother of 2  
college students, I need to stay healthy + strong. And by using  
the Holistic Pharmacy to keep certain symptoms in line I am able to  
secure a future for myself. I strongly support natural remedies -  
don't take this away from me particularly in this crisis which  
is in the forefront of medical advancements.  
Thank you for your time!
